

WIND PROJECTS • OPERATING ASSETS • REPOWERING

Onshore Wind & Repowering

We are looking for bankable wind resources, grid access and operating assets with room to improve.

WHAT KADAK ENERGY SYSTEMS IS LOOKING FOR

OPPORTUNITY TYPES	Greenfield wind • operating wind farms • repowering • wind portfolios
TARGET SCALE	50-500+ MW preferred; smaller assets considered when aggregatable
PROJECT STAGE	Late-stage development, construction-ready, operating and repowering
GEOGRAPHY	India renewable corridors with proven wind resource and executable evacuation
COMMERCIAL PROFILE	Long-term utility or creditworthy C&I offtake preferred; hybridization opportunities welcome
PROJECT READINESS	Bankable wind data, land rights, turbine/equipment plan, interconnection evidence and clear operating history where applicable
HOW WE CAN PARTNER	Acquisition • majority investment • repowering capital • joint venture • portfolio acquisition • recapitalization

WHAT GETS OUR ATTENTION

High-quality projects with proven resource data and grid rights - especially operating sites that can be repowered, hybridized or optimized.

SEND US

Project teaser / IM • capacity & location • stage • land/site control • interconnection • PPA/offtake • permits • capital need • data-room link

WHO SHOULD CONTACT US

Project owners • developers • IPPs • founders • brokers • bankers • advisors • strategic partners • utilities and qualified counterparties

ABOUT KADAK ENERGY SYSTEMS

KADAK Energy Systems is a cross-border energy infrastructure investment and development platform focused on utility-scale renewable power, energy storage, grid-supporting infrastructure, operating portfolios and select energy-company investments. We work with developers, owners, utilities, governments, strategic partners, advisors and institutional capital to advance credible opportunities from origination through operation.
